Over 4 million Floridians are currently enjoying the benefits of having a SunPass account. “Shared services such as being able to pay for your airport parking are an additional value for SunPass customers. This should prove to be of great value to them,” said Orlando Torres, Deputy Director of Toll Operations at SunPass. SunPass Plus is also available at Palm Beach, Tampa and Orlando airports. Eventually it will be available at Ft Lauderdale Airport as well.

SunPass customers must elect the *Easy Pay* replenishment option. Then look for the SunPass Plus logo when entering and exiting the airport's parking garage. If their e-mail address is registered with SunPass, an electronic parking receipt will be sent to them immediately. The parking charge will also appear on their account activity statement. The *Easy Pay* replenishment option can be selected at www.sunpass.com or by calling customer service at 1-88-865-5352. All SunPass customers are encouraged to keep their accounts up-to-date.
