PBIA is the first of the South Florida airports to implement SunPass Plus. “Business customers like the fact that their parking receipt is emailed to them automatically via their SunPass account. Everybody likes the fact they don’t have to wait in line,” added Michael Simmons, Deputy Director of Finance and Administration for PBIA.

SunPass Plus is also available at Tampa and Orlando’s airports. Eventually it will be available at Ft Lauderdale and Miami International Airports as well. SunPass customers must elect the *Easy Pay* replenishment option. Then look for the SunPass Plus logo when entering and exiting the airport's parking garage. If their e-mail address is registered with SunPass, an electronic parking receipt will be sent to them immediately. The parking charge will also appear on their account activity statement. The *Easy Pay* replenishment option can be selected at www.sunpass.com or by calling customer service at 1-88-865-5352. All SunPass customers are encouraged to keep their accounts up-to-date.
