For Immediate Release

BEACHLINE WEST EXPRESSWAY SLOWS FOR OVERNIGHT TRAFFIC PACING OPERATION, TUESDAY, JANUARY 22 TO FRIDAY, JANUARY 25

OCOE, FL (January 17, 2008) — Motorists traveling both east- and westbound on the Beachline West Expressway should be prepared for a rolling traffic pacing operation that will affect traffic between Interstate 4 and State Road 436--approximately 11 miles--between 7 p.m. and 5:30 a.m., Tuesday, January 22 to Friday, January 25.

The contractor will be installing overhead sign trusses that span the entire highway as part of the \$10 million project to reconstruct the Bee Line West Mainline Toll Plaza near milepost 6, part of the roadway-widening project that began last fall.

Motorists should expect single, outside lane closures, both east- and westbound, beginning at 7 p.m. Then, starting at 12:30 a.m., Florida Highway Patrol will begin a traffic pacing operation between Interstate 4 and State Road 436, including the Airport mainline toll plaza near SR 436.

Traffic will be slowed to approximately 10 m.p.h. in each direction to allow the installation of overhead sign trusses near the Bee Line West mainline toll plaza at milepost 6 without detouring traffic to other roadways.

All eastbound ramps between Interstate 4 and SR 436 eastbound, and all westbound ramps between SR 436 and Interstate 4 will be closed until the pacing operation passes. At that time, the ramps will re-open and motorists may join the pacing operation.

This intermittent operation will last up to one-half hour at a time. Queued traffic will be cleared and then the operation will resume.

Motorists (especially commercial truck drivers) may wish to use the southbound exit from the airport to rejoin I-4, as this operation also affects the Tradeport Drive and McCoy ramps as well.

Florida's Turnpike Enterprise, part of the Florida Department of Transportation, oversees a 460-mile system of limited-access toll highways: Florida's Turnpike, extending north from Homestead in Miami-Dade County to Wildwood in Sumter County; the Seminole Expressway and Southern Connector (Toll 417) in Seminole, Orange and Osceola counties; the Beachline Expressway West (Toll 528) in Orange County; the Polk Parkway (Toll 570) in Polk County; the Veterans Expressway and Suncoast Parkway in Hillsborough, Pasco and Hernando counties (Toll 589); the Sawgrass Expressway (Toll 869) in Broward County; and the Daniel Webster Western Beltway (Toll 429) in Orange and Osceola Counties.

SunPass is the Florida Department of Transportation's innovative Prepaid Toll Program. SunPass may be used on all Florida's toll roads and most toll bridges. For information on SunPass®, call 1-888-TOLL-FLA (865-5352) or visit <http://www.sunpass.com>.

Travelers on the Florida's Turnpike system of roads may view real-time traffic information by visiting our website at <http://www.floridasturnpike.com>. While traveling in the Orlando, South Florida and Tampa Bay regions, motorists should dial 511 for real-time regional traffic information on the Turnpike and other major roads. This information system is voice-activated; motorists should speak the name of the road they wish to use. They may also visit <http://www.fl511.com> for information. This free service of the Florida Department of Transportation is available 24/7.
