For Immediate Release

Pinellas Bayway SunPass® Service Center Closed on Tuesday; East Toll Plaza Work Begins Wednesday

OCOEE, FL (July 10, 2009)—The Pinellas Bayway SunPass Service Center will be closed on Tuesday, July 14. The Service Center will reopen on Wednesday in a temporary office trailer located in the East Plaza parking lot. The Service Center will be housed in the trailer during the course of the renovation of the existing building and parking lot. Renovation work is scheduled to be completed in late October and the new Sunpass Customer Service Center is scheduled to reopen in early November.

Motorists traveling on the Pinellas Bayway system should be alert for a lane shift through the East Toll Plaza beginning at 6 a.m., Wednesday, July 15. The Exact Change Only Lane (blue sign) will be closed for approximately 30 days, so motorists will be required to use the change provided lanes. The Sunpass-only lane and the two change provided lanes remain open.

The toll lane shifts are part of a \$2 million project to renovate the East and West Toll Plazas on the Pinellas Bayway system. The renovations consist of the removal and replacement of existing toll plaza concrete pavement, toll booths and equipment, roofing, signage, lighting and pavement markings. The East Plaza administration building and SunPass Customer Service Center building will also undergo complete interior and exterior renovation work to improve public access to the Sunpass Customer Service Center reception area. The West Plaza administration building will undergo minor interior and exterior renovations.

The renovation work at each toll plaza requires closing each individual toll lane for about 30 days. Only one lane will be closed at any given time. Work has been completed in the West Plaza lanes. The projected schedule for the East Plaza lane closures is as follows:

- Lane 4 – SunPass-Only – No long-term lane closure
- Lane 3 – July 15 to August 21
- Lane 2 – August 25 to September 25
- Lane 1 – September 28 to October 29

The toll plaza renovation project does not include the installation of additional SunPass-only lanes. The existing bridge is too narrow to allow for conversion of a mixed-use lane to a SunPass-only lane.

Additionally, the current lane configuration accommodates the thousands of visitors who visit Fort DeSoto Park and don't use SunPass.

Florida's Turnpike Enterprise, part of the Florida Department of Transportation, oversees a 460-mile system of limited-access toll highways: Florida's Turnpike, extending north from Homestead in Miami-Dade County to Wildwood in Sumter County; the Seminole Expressway and Southern Connector (Toll 417) in Seminole, Orange and Osceola counties; the Beachline Expressway West (Toll 528) in Orange County; the Polk Parkway (Toll 570) in Polk County; the Veterans Expressway and Suncoast Parkway in Hillsborough, Pasco and Hernando counties (Toll 589); the Sawgrass Expressway (Toll 869) in Broward County; and the southern 11 miles of the Daniel Webster Western Beltway (Toll 429) in Orange and Osceola Counties.

SunPass is the Florida Department of Transportation's innovative Prepaid Toll Program. SunPass may be used on all Florida's toll roads and most toll bridges. For information on SunPass®, call 1-888-TOLL-FLA (865-5352) or visit <http://www.sunpass.com>.

Travelers on the Florida's Turnpike system of roads may view real-time traffic information by visiting our website at <http://www.floridasturnpike.com>. While traveling in the Orlando, South Florida and Tampa Bay regions, motorists should dial 511 for real-time regional traffic information on the Turnpike and other major roads. This information system is voice-activated; motorists should speak the name of the road they wish to use. They may also visit <http://www.fl511.com> for information. This free service of the Florida Department of Transportation is available 24/7.
