Florida's Turnpike Begins \$2 Million Project to Renovate Pinellas Bayway Toll Plazas

OCOE, FL (April 16, 2009) — Florida's Turnpike Enterprise has begun a \$2 million project to renovate the East and West Toll Plazas on the Pinellas Bayway system.

The renovations consist of the removal and replacement of existing toll plaza concrete pavement, toll booths and equipment, roofing, signage, lighting and pavement markings. The East Plaza administration building and SunPass Customer Service Center building will also undergo complete interior and exterior renovation work to improve public access to the Sunpass Customer Service Center reception area. The West Plaza administration building will undergo minor interior and exterior renovations.

The renovation work at each toll plaza requires closing each individual toll lane for about 30 days. Only one lane will be closed at any given time. Work will be completed at the West Plaza before work begins at the East Plaza. The projected schedule for lane closures is as follows:

West Plaza

Lane 3 – April 16 to May 6
Lane 2 – May 7 to June 9
Lane 1 – June 10 to July 10

East Plaza

Lane 4 – SunPass-Only – No long-term lane closure
Lane 3 – July 15 to August 21
Lane 2 – August 25 to September 25
Lane 1 – September 28 to October 29

The toll plaza renovation project does not include the installation of additional SunPass-only lanes. The existing bridge is too narrow to allow for conversion of a mixed-use lane to a SunPass-only lane. Additionally, the current lane configuration accommodates the thousands of visitors who visit Fort DeSoto Park and don't use SunPass.

Renovation of the SunPass Customer Service Center will begin on July 15. A temporary office trailer will be located in the East Plaza parking lot to serve as the Sunpass Customer Service Center building during the renovation of the existing building. Renovation work is scheduled to be completed in late October and the new Sunpass Customer Service Center is scheduled to reopen in early November. The West Plaza building renovation work will not affect motorists and is scheduled to be complete in mid-July.

Florida's Turnpike Enterprise, part of the Florida Department of Transportation, oversees a 460-mile system of limited-access toll highways: Florida's Turnpike, extending north from Homestead in Miami-Dade County to Wildwood in Sumter County; the Seminole Expressway and Southern Connector (Toll 417) in Seminole, Orange and Osceola counties; the Beachline Expressway West (Toll 528) in Orange County; the Polk Parkway (Toll 570) in Polk County; the Veterans Expressway and Suncoast Parkway in Hillsborough, Pasco and Hernando counties (Toll 589); the Sawgrass Expressway (Toll 869) in Broward County; and the southern 11 miles of the Daniel Webster Western Beltway (Toll 429) in Orange and Osceola Counties.

SunPass is the Florida Department of Transportation's innovative Prepaid Toll Program. SunPass may be used on all Florida's toll roads and most toll bridges. For information on SunPass®, call 1-888-TOLL-FLA (865-5352) or visit <http://www.sunpass.com>.

Travelers on the Florida's Turnpike system of roads may view real-time traffic information by visiting our website at <http://www.floridasturnpike.com>. While traveling in the Orlando, South Florida and Tampa Bay regions, motorists should dial 511 for real-time regional traffic information on the Turnpike and other major roads. This information system is voice-activated; motorists should speak the name of the road they wish to use. They may also visit <http://www.fl511.com> for information. This free service of the Florida Department of Transportation is available 24/7.
