All westbound lanes to close early Wednesday morning, July 30, on the Sawgrass Expressway

FORT LAUDERDALE — All ***westbound/southbound*** lanes on the Sawgrass Expressway will be closed at Lyons Road (Exit 19) in the early morning hours, between 1 and 5 a.m., Wednesday, July 30, as work crews install a large electronic sign over the traffic lanes.

While the road closure is in effect, westbound traffic will be directed to exit the Sawgrass Expressway at Lyons Road and to immediately reenter the westbound Sawgrass from Lyons Road. Electronic signs and roadway signs will advise motorists about the closure and detour route.

Should weather or other unforeseen conditions impede the work on Wednesday, it will be rescheduled for Thursday morning, July 31, along with the closure.

The work is part of a project to install electronic, dynamic message signs (DMS) on the Sawgrass Expressway and on nine arterial streets with interchanges at the expressway. The signs will advise drivers about traffic incidents and conditions ahead.
