**Florida's Turnpike Enterprise announces new website for Suncoast
Parkway 2 Project**
www.suncoast2online.com

Land O'Lakes (November 13)—Florida's Turnpike Enterprise has launched a new Suncoast Parkway 2 website. The website has been developed to provide updated and accurate information about Suncoast Parkway 2 project activities.

Florida's Turnpike Enterprise encourages interested parties to visit the site often to obtain the latest details for the project's reevaluation and design, and to view the project schedule. The website allows citizens to add their contact information to the project's mailing list and to share comments about the Suncoast Parkway 2 Project.

The website address is www.suncoast2online.com.
