

Widen Turnpike/SR821 from SW 288th Street to SW 216th Street FPID: 423372-2

March 2015

Description:

This project will widen the Turnpike/SR 821 from SW 288th Street/Biscayne Drive to SW 216th Street from four to six travel lanes. This widening project will be completed by constructing one travel lane in each direction within the existing grassed median of the Turnpike/SR 821. These new inside lanes will serve as express lanes to enhance regional connectivity as part of the planned South Florida Regional Express Lane Network. Milling, resurfacing, and major storm-water drainage improvements are also included as part of this project.

Benefits:

- Provides long-term improvement to meet future traffic needs of Miami-Dade County.
- Improves traffic flow and enhances regional connectivity.

Status:

This project is schedule for construction in 2015.

Investment:

The Turnpike has invested over \$80 million for this project.
