

Turnpike/SR 91 at P.G.A. Boulevard Intersection Ramp Improvements FPID: 429334-1,-4

March 2015

Description:

This project improves traffic operations at the PGA Boulevard Intersection with Florida's Turnpike/SR 91 (MP 109) in Palm Beach County. Specifically, this project includes the following improvements: (1) an additional eastbound right-turn lane from PGA Boulevard to Fairway Drive; (2) an additional westbound left-turn lane from PGA Boulevard to Fairway Drive; (3) an additional westbound right-turn lane from PGA Boulevard to the Turnpike entrance; and (4) pavement milling and resurfacing, and associated signal, signing, marking and pedestrian upgrades.

Benefits:

- Improves traffic operations.
- Improves pedestrian movements.
- Restores the roadway in the area of the intersection.

Status:

Construction of this project will begin in winter 2016, and is expected to be completed in fall 2017.

Investment:

The Turnpike has funded \$1.4 million for the construction phase of this project.
