Central Florida Weekly Lane Closures and Work Zone Advisory

OCOEE, FL (March 6, 2008) — Florida's Turnpike announces lane closures and work zone information for construction and maintenance projects in Central Florida **beginning Sunday, March 9, 2008.**

Florida's Turnpike strives to maintain traffic flow in work zones; however, motorists may encounter heavier traffic near construction sites. Motorists should drive with caution through the work zones, and adhere to posted detour signs and speed limits. Speeding fines double in construction zones when workers are present. **All paving-related lane closures are dependent on weather conditions; temperatures below 60 degrees or rain may delay or cancel paving operations.**

Turnpike Mainline

OSCEOLA COUNTY

STATE ROAD 60 WIDENING PROJECT (MILEPOSTS 192-194)

- Turnpike motorists should expect single, outside lane closures, both north- and southbound, 7 a.m. to 7 p.m., Monday through Thursday, and 7 a.m. to 12 p.m. (noon), on Fridays until further notice

PROJECT DESCRIPTION: The Florida Department of Transportation District 4 is widening State Road 60 through Osceola County, including reconstruction of the bridge over the Turnpike near Yeehaw Junction.

YEEHAW JUNCTION INTERCHANGE IMPROVEMENT PROJECT (Milepost 193)

PROJECT DESCRIPTION: Florida's Turnpike is making improvements to the Yeehaw Junction ramp at State Road 60. This half-million dollar project will be complete in May 2008.

ROADWAY RESURFACING PROJECT (MILEPOSTS 198-207 and 227-249)

- No daytime lane closures the week of March 9

PROJECT DESCRIPTION: This \$29 million resurfacing project includes milling and resurfacing portions of the roadway including exit ramps and toll plaza lanes, and widening some roadway shoulders. The project also includes the installation of guardrail.

The resurfacing project is scheduled for completion in June 2008.

ORANGE COUNTY

TURNPIKE WIDENING PROJECT — BEACHLINE TO INTERSTATE 4 (MILEPOSTS 254-259)

- Motorists traveling on Florida's Turnpike between mileposts 254 and 259 should expect delays due to intermittent, single lane closures, both north-and southbound, Sunday night through Friday morning, during the overnight hours of 10 p.m. and 6 a.m.
- Motorists should be alert for construction vehicles entering and exiting traffic at locations along the project, and for paving at the north end of the project near the I-4 interchange.

PROJECT DESCRIPTION: This \$77.5 million project adds two lanes in each direction to the Turnpike between Toll 528 and Interstate 4. Reconstruction and widening of the Shingle Creek Bridge, the overpasses at Toll 528, Orange Blossom Trail (US 17/92/441), Oak Ridge Road, Sand Lake Road and the Interstate 4 ramps is also included in this project. This Turnpike widening project is scheduled to be complete in May 2008. The project includes setting barrier wall and installing asphalt to accommodate temporary travel lanes during construction as well as activities associated with demolition work and new construction on Shingle Creek Bridge. Construction activities will occur behind barrier wall. There are no lane closures currently scheduled during the day. Motorists should exercise caution while traveling in the area, and watch for construction vehicles entering and exiting the work zone.

TURNPIKE WIDENING PROJECT — INTERSTATE 4 TO GOTHA ROAD (MILEPOSTS 259-265)

- Construction activities continue from the I-4 bridges to north of the Turkey Lake Service Plaza at the Gotha Rd overpass.
- Motorists should be alert for overnight, single lane closures between Kirkman Road and the SR 408, 10 p.m. to 5 a.m., Sunday, and 9 p.m. to 5 a.m., Monday through Thursday.
- Be alert for lane shifts in both Northbound and Southbound directions between Kirkman Road and Gotha Rd overpass.
- Motorists on Kirkman Road should be alert for single lane closures in both directions between 9 p.m. and 5 a.m., Mondays through Thursdays, and 10 p.m. to 5 a.m. on Sundays. Continuing this week, Kirkman Rd will be reduced to a single lane in both directions at the bridge between 11 p.m. and 5 a.m. Sunday thru Thursday to continue bridge demolition work.
- Turnpike motorists near the Kirkman Rd overpass, both north- and southbound should be alert for traffic pacing operations between midnight and 4 a.m., as crews continue demolition of the existing bridge.
- Traffic is being maintained on Gotha Road during the reconstruction process of this bridge.

PROJECT DESCRIPTION: This \$128.6 million project adds two lanes in each direction between Interstate 4 and the SR 408 Interchange. Construction includes widening the existing bridges over Interstate 4 and Apopka-Vineland Road, and replacing the Kirkman Road and Gotha Road bridges over the Turnpike. Additionally, improvements will be made at the Interstate 4 and SR 408 (East-West Expressway) interchanges. This project is scheduled to be complete in August 2010. Click here for a map of soundwall installation locations: http://floridasturnpike.com/pdfs/I-4_Gotha_Noise%20Map.pdf

TURNPIKE WIDENING PROJECT-STATE ROAD 408 TO BEULAH ROAD (MILEPOSTS 265-270)

- Single lane closures, 10 p.m. to 5 a.m., Sunday through Friday. The contractor is widening the roadway shoulders, and installing temporary asphalt and barrier wall to accommodate construction.
- Motorists should be alert for construction workers in the area. Daytime work includes clearing and grubbing, installation of the silt fence and excavation of a new pond east of Maguire Road on the northbound side of the Turnpike.
-

PROJECT DESCRIPTION: This \$68.8 million project adds two lanes in each direction between the SR 408 Interchange and Beulah Road. Construction includes replacing the ramp bridge at the Ocoee Exit 267B and the Turnpike bridge over Beulah Road. Additionally, improvements will be made at the SR 429 interchange. Auxiliary lanes will be maintained between SR 408 and SR 429, with the final roadway section becoming 10 lanes. This project is scheduled for completion in August 2010.

SUMTER COUNTY

ROADWAY RESURFACING PROJECT (MILEPOSTS 296-309)

- Motorists should be alert for single, northbound lane closures, 10 p.m. to 6 a.m., between mileposts 3004 and 308.
- Be alert for southbound lane closures near the Bailey Road underpass (mileposts 299-300).

PROJECT DESCRIPTION: This \$13.5 million resurfacing project, which begins March 3, includes milling and resurfacing the roadway, including drainage and guardrail improvements. The resurfacing project is scheduled for completion in November 2008.

Beachline West Expressway

BEE LINE WEST TOLL PLAZA RECONSTRUCTION, ITS INSTALLATION PROJECT AND ROADWAY RESURFACING (Mileposts 0-6)

- Motorists traveling east- and westbound on the Beachline should be alert for a lane closures that will affect traffic between Universal Boulevard and Florida's Turnpike, between 7 p.m. and 5:30 a.m., Sunday, March 9 to 5:30 a.m., Monday, March 10. Expect single, outside lane closures, both east- and westbound, beginning at 7 p.m. Then, beginning at 11:30 p.m., eastbound motorists will be diverted onto Universal Boulevard to Sand Lake Road. They may re-enter the Beachline at John Young Parkway. Westbound motorists will be diverted off at John Young Parkway to Sand Lake Road. They will proceed west and rejoin the Beachline via Universal Boulevard.
- Be alert for outside lane closures, westbound between Interstate 4 and Florida's Turnpike, 7 p.m.-5:30 a.m., Monday, March 10 to Wednesday, March 12.
- Prepare for single lane closures eastbound between mileposts 5-7, 7 p.m. to 5:30 a.m., Monday-Tuesday, March 10-11. The construction crew is closing the outside lane in preparation for a new traffic pattern that will take effect on Tuesday, March 11 before the morning commute peak travel time.
- Be alert for single, outside lanes closures, both east-and westbound between mileposts 5-7, 7 p.m. to 5:30 a.m., Wednesday, March 12 to Friday, March 14 for erection of overhead sign trusses.
- Beginning at 12:30 a.m., Thursday, March 13 through 5:30 a.m., Friday, March 14 motorists should be alert for a rolling traffic pacing operation between Interstate 4 (milepost 0) and Tradeport Drive (milepost 9). Traffic will be slowed to approximately 10 m.p.h. in each direction to allow the installation of overhead sign trusses. Motorists may wish to use alternate routes from the airport to rejoin Interstate 4.

PROJECT DESCRIPTION: Florida's Turnpike Enterprise has begun a \$10 million project to reconstruct the Bee Line West Mainline Toll Plaza near Milepost 6, part of a series of enhancements scheduled to begin within the next two years.

The current project consists of the demolition and reconstruction of the existing mainline plaza with major capacity improvements and additional lanes. Upon completion in the spring of 2009, the plaza will feature two SunPass-only express lanes in each direction, with the capacity to add an additional lane when the Beachline is

widened to three lanes in each direction SunPass customers will be able to travel at highway speed in the express lanes.

Included in the toll plaza improvements is the construction of four mixed-use lanes to provide additional lanes for cash customers.

Additionally, the Turnpike is resurfacing the Beachline between Interstate 4 and the Turnpike mainline (milepost 5). This project includes milling and repaving the ramps at International Drive, Orangewood Boulevard and John Young Parkway.

Regional Projects

ORANGE AND OSCEOLA COUNTIES

Daniel Webster Western Beltway

LANDSCAPING INSTALLATION PROJECT (Mileposts 0-11)

- Motorists should be alert for outside single lane closures, both north- and southbound between mileposts 6-8 (US 192 to Hartzog Road/Western Way, 7 a.m. to 5 p.m., Monday through Friday until further notice.

PROJECT DESCRIPTION: This \$2 million projects adds landscaping to the Western Beltway between Interstate 4 and Seidel Road. The project is scheduled for completion in December 2008.

POLK COUNTY

TOLL ROAD 570—THE POLK PARKWAY

ROADWAY RESURFACING PROJECT

- Intermittent, single lane closures may be necessary at some locations for friction course corrections. Watch the VMS signs for closure information.

PROJECT DESCRIPTION: Work is nearing completion on this \$22 million resurfacing project. The project includes milling and resurfacing portions of the roadway including the ramps and toll plaza lanes, reconstruction of the roadway base in some areas, and widening some roadway shoulders. The project also includes the installation of median guardrail and the construction of emergency vehicle median turnarounds. Most work occurs Monday through Friday during daylight hours; however, occasional work on Saturdays may be necessary. This project is scheduled for completion in February 2008. For more information, visit <http://www.polkparkwayconstruction.com>.

SUNPASS TOLL PLAZA CONVERSION PROJECT (Mileposts 0-18)

PROJECT DESCRIPTION: Florida's Turnpike will begin on March 10 a project to add SunPass-only lanes at the ramp toll plazas. The outside lanes at the following toll plazas will be converted to SunPass-only lanes:

- Airport Road, Exit 3, eastbound off and westbound on ramps
- Waring Road, Exit 4, eastbound off and westbound on ramps
- Harden Boulevard, Exit 5, eastbound off and westbound on ramps
- State Road 540 (Winter Lake Road), Exit 14, eastbound on and westbound off ramps
- County Road 546 (Old Dixie Highway), Exit 18, eastbound off and westbound on ramps

The inside lanes at the above toll plazas will be converted to accept coin-only or SunPass. Work will begin at the Harden Boulevard (Exit 5), Winter Lake Road/SR 540 (exit 14) and Old Dixie Highway (Exit 18) ramps. The inside lanes will be converted first and then the SunPass-only lane conversions will begin.

This \$3.2 million project is scheduled for completion in February 2009.

Florida's Turnpike Enterprise, part of the Florida Department of Transportation, oversees a 460-mile system of limited-access toll highways: Florida's Turnpike, extending north from Homestead in Miami-Dade County to Wildwood in Sumter County; the Seminole Expressway and Southern Connector (Toll 417) in Seminole, Orange and Osceola counties; the Beachline Expressway West (Toll 528) in Orange County; the Polk Parkway (Toll 570) in Polk County; the Veterans Expressway and Suncoast Parkway in Hillsborough, Pasco and Hernando counties (Toll 589); the Sawgrass Expressway (Toll 869) in Broward County; and the Daniel Webster Western Beltway (Toll 429) in Orange and Osceola Counties.

SunPass is the Florida Department of Transportation's innovative Prepaid Toll Program. SunPass may be used on all Florida's toll roads and most toll bridges. For information on SunPass®, call 1-888-TOLL-FLA (865-5352) or visit <http://www.sunpass.com>.

Travelers on the Florida's Turnpike system of roads may view real-time traffic information by visiting our website at <http://www.floridasturnpike.com>. While traveling in the Orlando, South Florida and Tampa Bay regions, motorists should dial 511 for real-time regional traffic information on the Turnpike and other major roads. This information system is voice-activated; motorists should speak the name of the road they wish to use. They may also visit <http://www.fl511.com> for information. This free service of the Florida Department of Transportation is available 24/7.
