Central Florida Weekly Lane Closures and Work Zone Advisory

OCOEE, FL (March 1, 2007) — Florida's Turnpike announces lane closures and work zone information for construction and maintenance projects in Central Florida **beginning Sunday, March 4, 2007.**

Florida's Turnpike strives to maintain traffic flow in work zones; however, motorists may encounter heavier traffic near construction sites. Motorists should drive with caution through the work zones, and adhere to posted detour signs and speed limits. **Note:** Speeding fines double in construction zones when workers are present.

Turnpike Mainline

OSCEOLA COUNTY

STATE ROAD 60 WIDENING PROJECT (MILEPOSTS 192-194)

- Turnpike motorists should expect single, outside lane closures, both north- and southbound, 7 a.m. to 7 p.m., Monday through Thursday, and 7 a.m. to 12 p.m. (noon), on Fridays until further notice.

PROJECT DESCRIPTION: The Florida Department of Transportation District 4 is widening State Road 60 through Osceola County, including reconstruction of the bridge over the Turnpike near Yeehaw Junction.

NEW INTERCHANGE AT KISSIMMEE PARK ROAD (MILEPOSTS 239-240)

- Turnpike motorists should expect periodic single lane closures, both north- and southbound, 9:30 a.m. to 3:30 p.m., Monday, March to Saturday, March 10, 2007

PROJECT DESCRIPTION: This \$18.9 million project includes construction of a SunPass-only northbound on ramp and a SunPass-only southbound off ramp at Kissimmee Park Road (Milepost 240) near its intersection with Old Canoe Creek Road. Included in the project are the reconstruction and realignment of the Kissimmee Park Road Bridge over the Turnpike, and the reconstruction of Kissimmee Park Road and removal of the curve in its alignment with Old Canoe Creek Road east of the bridge. The Kissimmee Park Road interchange (new exit 240) is now open to traffic.

BOGGY CREEK ROAD BRIDGE REPLACEMENT (MILEPOSTS 245-247)

- Turnpike motorists should expect single lane closures, both north- and southbound, 7 p.m. to 6 a.m., Monday, March 5, 2007. These lane closures accommodate work to install the new Boggy Creek Bridge over the Turnpike.

PROJECT DESCRIPTION: Boggy Creek Road is being widened, which requires reconstruction of the Turnpike overpass.

ORANGE COUNTY

TURNPIKE WIDENING PROJECT (MILEPOSTS 254-259)

- Single lane closures are also to be expected on US 17-92/441 (Orange Blossom Trail), at the Turnpike between Landstreet Rd and Consulate Drive from 10 p.m. to 6 a.m.
- Motorists traveling on Florida's Turnpike between mileposts 254 and 259 should expect delays due to intermittent, single lane closures, both north-and southbound, Sunday through Thursday, during the overnight hours of 10 p.m. and 6 a.m.
- Motorists should be alert for construction vehicles at bridgework locations along the project.

PROJECT DESCRIPTION: This \$77.5 million project adds two lanes in each direction to the Turnpike between Toll 528 and Interstate 4. Reconstruction and widening of the Shingle Creek Bridge, the overpasses at Toll 528, Orange Blossom Trail (US 17/92/441), Oak Ridge Road, Sand Lake Road and the Interstate 4 ramps is also included in this project. This Turnpike widening project is scheduled to be complete in September 2008. The project includes setting barrier wall and installing asphalt to accommodate temporary travel lanes during construction as well as activities associated with demolition work and new construction on Shingle Creek Bridge. Construction activities will occur behind barrier wall. There are no lane closures currently scheduled during the day. Motorists should exercise caution while traveling in the area, and watch for construction vehicles entering and exiting the work zone.

FOURTH STREET BRIDGE REPLACEMENT (MILEPOSTS 269-270) at state road 50 and Ramp Improvements (Mileposts 271-272)

- No lane closures are scheduled for the week of March 4-11.

PROJECT DESCRIPTION: This \$4 million project replaces the Fourth Street Bridge over the Turnpike near Milepost 272. The bridge replacement accommodates the future widening of the Turnpike through Orange County, which is scheduled to begin in 2007. After the bridgework is completed, the Turnpike's northbound exit ramp at Milepost 272 will be extended to the south, and widened to two lanes. The Fourth Street Bridge/Milepost 272 project is scheduled for completion in March 2007.

LAKE COUNTY

LEESBURG MAINLINE TOLL PLAZA ENHANCEMENT PROJECT (MILEPOST 287))

- Turnpike motorists should be alert for single lane closures, both north- and southbound, 9 a.m. to 6 p.m., through March 29 as the crew completes resurfacing operations at the toll plaza.
- Motorists should be alert for rolling road closures to accommodate the installation of overhead sign truss structures at the following dates and times:
 - Southbound, 12:01 a.m. to 4 a.m., March 8
 - Northbound, 12:01 a.m. to 4 a.m., March 9
- Daytime lane closures are scheduled both north- and southbound, Monday through Thursday, March 5-9 and 12-15, and 7 p.m. to 6 a.m., Friday, March 10 and March 16

PROJECT DESCRIPTION: Construction nears completion on the \$10 million design-build SunPass enhancement project at the Turnpike's Leesburg mainline toll plaza. The plaza is being widened to accommodate the addition of two cash lanes in each direction. To improve continuity with other Turnpike system plaza configurations, the SunPass-only lanes will be relocated to the extreme left. Additionally, the approaches to the plazas will be widened, and enhanced signage, lighting and landscaping will be installed. The Leesburg toll plaza enhancement project is scheduled for completion in March 2007.

Regional Projects

POLK COUNTY

TOLL ROAD 570—THE POLK PARKWAY

- Motorists should be alert for daily, single lane closures, both east- and westbound, between Interstate 4 (Milepost 0) and Old Dixie Highway (Milepost 18) between 9 a.m. and 5 p.m.

PROJECT DESCRIPTION: Work has begun on a \$22 million resurfacing project. The project includes milling and resurfacing portions of the roadway including the ramps and toll plaza lanes, reconstruction of the roadway base in some areas, and widening some roadway shoulders. The project also includes the installation of median guardrail and the construction of emergency vehicle median turnarounds. Most work will occur Monday through Friday during daylight hours; however, occasional work on Saturdays may be necessary. This project is scheduled for completion in February 2008.

OSCEOLA/ORANGE COUNTIES

TOLL ROAD 429—THE DANIEL WEBSTER WESTERN BELTWAY IS NOW OPEN

- Roadway work continues near the Indian Creek Boulevard overpass. The inside lanes, both north- and southbound remain closed until further notice for asphalt work.
- The tolled northbound off and southbound on ramps at the Sinclair Road interchange are scheduled to open to traffic in early March. The non-tolled southbound off and northbound on ramps are open to traffic.

The Western Beltway is now open from Interstate 4 (exit 60) in Osceola County near the Walt Disney World resort area to US 441 in Apopka.

Florida's Turnpike Enterprise, part of the Florida Department of Transportation, oversees a 454-mile system of limited-access toll highways: the Florida's Turnpike, extending north from Homestead in Miami-Dade County to Wildwood in Sumter County, the Seminole Expressway and Southern Connector (Toll 417) in Seminole, Orange and Osceola counties, the Beachline Expressway West (Toll 528) in Orange County, the Polk Parkway (Toll 570) in Polk County, the Veterans Expressway and Suncoast Parkway in Hillsborough, Pasco and Hernando counties (Toll 589), the Sawgrass Expressway (Toll 869) in Broward County, and the Daniel Webster Western Beltway (Toll 429) in Orange and Osceola Counties.

SunPass is the Florida Department of Transportation's innovative Prepaid Toll Program. SunPass may be used on Florida's toll roads and most toll bridges. For information on SunPass®, please contact 1-888-TOLL-FLA (865-5352).

Travelers on the Florida's Turnpike system of roads may view real-time traffic information by visiting our website at <http://www.floridasturnpike.com>. While traveling in the Orlando, South Florida and Tampa Bay regions, motorists should dial 511 for real-time regional traffic information on the Turnpike and other major roads. This information system is voice-activated; motorists should speak the name of the road they wish to use. They may also visit <http://www.fl511.com> for information. This free service of the Florida Department of Transportation is available 24/7.
