Central Florida Weekly Lane Closures and Work Zone Advisory

OCOE, FL (January 14, 2010) — Florida's Turnpike announces lane closures and work zone information for construction and maintenance projects in Central Florida **beginning Sunday, January 17, 2010.**

Florida's Turnpike strives to maintain traffic flow in work zones; however, motorists may encounter heavier traffic near construction sites. Motorists should drive with caution through the work zones, and adhere to posted detour signs and speed limits. Speeding fines double in construction zones when workers are present. **All paving-related lane closures are dependent on weather conditions; rain may delay or cancel paving operations.**

Turnpike Mainline ORANGE COUNTY

TURNPIKE WIDENING PROJECT—INTERSTATE 4 TO GOTHA ROAD (MILEPOSTS 259-265)

- Motorists should be alert for construction vehicles entering and exiting traffic at several locations along the project.
- Be alert for lane shifts, both north- and southbound through the project limits, especially those near the SR 408 ramp to northbound Turnpike, and the SR 429 ramps to southbound Turnpike.
- Construction activities continue from the I-4 bridges to north of the Turkey Lake Service Plaza at Gotha Rd.
- Motorists on Kirkman Road should be alert for single lane closures in both directions between 9 p.m. and 5 a.m., Mondays through Thursdays, and 10 p.m. to 5 a.m. on Sundays.
- Be alert for daytime lanes closures on Gotha Road, 10 a.m. to 3 pm., Monday through Friday, except for Wednesday, when lane closures are 10 a.m. to 2 p.m.
- Motorists should be alert for flagging operations, as well as intermittent day- and nighttime closures in both directions on Apopka-Vineland Road.
- Motorists should be alert for nightly lane closures, both east- and westbound at the Turnpike overpass (between Kirkman and Conroy).

PROJECT DESCRIPTION: This \$128.6 million project adds two lanes in each direction between Interstate 4 and the SR 408 Interchange. Construction includes widening the existing bridges over Interstate 4 and Apopka-Vineland Road, and replacing the Kirkman Road and Gotha Road bridges over the Turnpike. Additionally, improvements will

be made at the Interstate 4 and SR 408 (East-West Expressway) interchanges. This project is scheduled to be complete in August 2010. Click here for a map of soundwall installation locations: [http://floridasturnpike.com/pdfs/I-4 Gotha Noise%20Map.pdf](http://floridasturnpike.com/pdfs/I-4%20Gotha%20Noise%20Map.pdf)

TURNPIKE WIDENING PROJECT – SR. 408 TO NORTH OF BEULAH ROAD (MILEPOST 265-270)

- Watch for single lane closures both north- and southbound between exit 2671 to north of the Beulah Bridge. Crews are removing the old sign structures.
- All other work is scheduled for day time operations, from just south of SR 408 to north of SR 429 in the median, and from the SR 429 on-ramp to north of the Beulah Road Bridge on the outside of the southbound lanes.
- Be alert for lane shifts , both north- and southbound and at the SR 408 westbound off-ramp to the northbound Turnpike.

PROJECT DESCRIPTION: This \$68.8 million project consists of widening of Florida's turnpike (SR 91) from four to eight lanes and six to 12 lanes from milepost 266 to milepost 269 in Orange County. The construction includes widening of the bridges over Beulah Rd. and reconstruction of the State Road 50 connector bridge over Florida's Turnpike, resurfacing existing pavement, construction of storm water retention ponds, signing and marking, lighting, landscaping, sound barriers, ITS and utilities. This project is expected to be complete in August 2010.

TURNPIKE WIDENING PROJECT—BEULAH ROAD TO STATE ROAD 50 (MILEPOSTS 270-273)

- Be alert for single lane closures near Winter Garden-Vineland, both north- and southbound, Sundays through Thursdays, from 9 p.m. to 6 a.m.
- Be prepared for single lane closures on State Road 50, both east- and westbound, Sundays through Thursdays from 9 p.m. to 5 a.m. In addition to the lane closures, crews are scheduled to pour the outside widening portions of the Turnpike Bridge deck over SR 50. During these pours, traffic will be shifted to one side and then the other so that concrete is not being placed directly over traffic. Weather permitting, the northbound bridge pour will be Monday night, January 17.
- Be alert for a traffic pacing operations Sunday, January 24, midnight to 5 a.m. for setting Turnpike bridge beams over Avalon Road.
- The long-term closure of the Winter Garden-Vineland bridge over the Turnpike will continue at least through the end of January. The bridge must be reconstructed to accommodate the widening of the Turnpike. Local residents are encouraged to use Daniels Road as the detour route to reach the businesses located on State Road 50.
- On January 27 or January 28, traffic entering the northbound Turnpike from westbound SR 50 will be using the new northbound on-ramp. Westbound SR 50 motorists should stay in the far right lane to access the new ramp.

PROJECT DESCRIPTION: This \$123.5 million project consists of widening of Florida's turnpike (SR 91) from four to eight lanes between Beulah Road and State Road 50 near milepost 272. The project also includes adding an additional lane in each direction on State Road 50, with capacity for future widening as well. The replacement of the bridges at Winter Garden-Vineland Road, Avalon Road and at State Road 50 is included. The interchange will be reconfigured to a diamond style, replacing the current partial-loop interchange and includes open road tolling (ORT) SunPass-only lanes. This project also includes the installation of noise abatement walls on Department right-of-way for qualifying property owners adjacent to the Turnpike. This project will be complete in the summer of 2012.

Beachline West Expressway BEACHLINE WEST WIDENING (Mileposts 4-8)

- Be alert for daily, single lane closures. Watch for various intermittent ramp closures nightly. Paving operations are scheduled; however, cold overnight temperatures and rain may result in cancellation and rescheduling of the operation.

PROJECT DESCRIPTION: The \$49 million project to widen the Beachline from the Turnpike (Milepost 4.3) to McCoy Road continues. Improvements include widening the existing bridge structures at US 441, Landstreet Road, CSX Railroad, CSX Railroad Taft Yard, Orange Avenue and McCoy Road. A new bridge will also be constructed for the access ramp over the CSX Railroad. This project is scheduled for completion in spring of 2011.

SEMINOLE COUNTY

LAKE JESUP TOLL PLAZA RECONSTRUCTION (Milepost 47)

- No lane closures are scheduled the week of January 17.

PROJECT DESCRIPTION: Florida's Turnpike Enterprise is converting the Lake Jesup mainline toll plaza to open road tolling. This \$40.5 million project consists of the demolition and reconstruction of the existing mainline toll plaza with major capacity improvements and additional lanes.

Florida's Turnpike Enterprise, part of the Florida Department of Transportation, oversees a 460-mile system of limited-access toll highways: Florida's Turnpike, extending north from Homestead in Miami-Dade County to Wildwood in Sumter County; the Seminole Expressway and Southern Connector (Toll 417) in Seminole, Orange and Osceola counties; the Beachline Expressway West (Toll 528) in Orange County; the Polk Parkway (Toll 570) in Polk County; the Veterans Expressway and Suncoast Parkway in Hillsborough, Pasco and Hernando counties (Toll 589); the Sawgrass Expressway (Toll 869) in Broward County; and the southern 11 miles of the Daniel Webster Western Beltway (Toll 429) in Orange and Osceola Counties.

SunPass is the Florida Department of Transportation's innovative Prepaid Toll Program. SunPass may be used on all Florida's toll roads and most toll bridges. For information on SunPass®, call 1-888-TOLL-FLA (865-5352) or visit <http://www.sunpass.com>.

Travelers on the Florida's Turnpike system of roads may view real-time traffic information by visiting our website at <http://www.floridasturnpike.com>. While traveling in the Orlando, South Florida and Tampa Bay regions, motorists should dial 511 for real-time regional traffic information on the Turnpike and other major roads. This information system is voice-activated; motorists should speak the name of the road they wish to use. They may also visit <http://www.fl511.com> for information. This free service of the Florida Department of Transportation is available 24/7.
